

VPK is

working!

VPK Provider Kindergarten Readiness Rates show:

- Children who participated in the Voluntary Prekindergarten program performed better on the kindergarten screening than children who did not participate in VPK.
- Eighty-five percent of Florida's VPK providers earned a readiness rate of 200 or more out of a possible 300 points.

If you have a child who turns 4 before September 1, they are eligible to enroll in VPK. A birth certificate and proof of Florida residency is all that is needed to qualify.
