Generic Thoughts/Ideas

- Project for this year: Bring Docs for Tots speaker to local pediatricians – increase awareness of professional child care community
- Gaps in service for low income – working poor
- Healthy Kids – need updated information
- Matrix of this information needed – listing county, age, criteria, services, referral process, follow-up process
- Transportation
- Parental non-compliance
- Ask Ruth Cooper and Food Program to present info to Health Services Committee
- How to gather data; plan evaluation of our efforts
- Services need to be family centered
- Family may not be ready to hear or act on the referral
